

## **Locomotive Storage Container Contents**

### **"Locomotive Parts" Sealand** (at Crescent Junction, UT)

Inventory:

- 2 ea locomotive traction motors
- 1 ea exterior locomotive air conditioner unit
- 4 ea locomotive jack stands
- 2 ea locomotive/railcar hydraulic jacks
- various compressed air locomotive/railcar hoses
- various electrical cables
- various headlight bulbs
- various locomotive oil/fuel filters
- various locomotive electrical components
- various fan belts
- 1 ea box locomotive engine head gaskets
- 1 set locomotive jumper cables
- 2 boxes locomotive O&M manuals
- 1 box locomotive cooling system water conditioner (48 packets)

#### Summary:

1. The sealand weighs 20,000#.
2. Each traction motor weighs approximately 2 tons, and is metal-band mounted on a sturdy skid, then band-mounted and fixed to the floor of the sealand.
3. The locomotive air conditioner unit, reconditioned, was never used. It weighs approximately 800# and is metal-band mounted on a sturdy skid, then band-mounted and fixed to the floor of the sealand.
4. The smaller items have been placed in shipping containers, of which there are two.
5. The two (2) hydraulic jacks and four (4) jack stands are fixed against the bulkhead of the sealand and held in place by the shipping containers. Where needed wood supports have been installed to render the items immobile.

**BASIC INFORMATION**  
**CRESCENT JUNCTION PROJECT LOCOMOTIVES**

**LOCOMOTIVE OHFX 1250**

Obtained from Umatilla Army Chemical Depot, Oregon

Manufacturer - Baldwin-Lima-Hamilton

Year of original manufacture - 1954

Year of re-manufacture - 1991

Re-manufacturer - C & M Service

Nomenclature: LOCOMOTIVE 60 Ton, DIESEL-ELECTRIC, 56 1/2-in. Gage

Locomotive Serial Number - 61205

Engine Horsepower - 500

Locomotive Model Number - RS-4-TC-1A

Engine Model - CATERPILLAR 3508

Engine Serial Number - 68Z00694

**LOCOMOTIVE OHFX 1258**

Obtained from Hill Air Force Base, Utah

Manufacturer - Baldwin-Lima-Hamilton

Year of original manufacture - 1954

Year of re-manufacture - 1991

Re-manufacturer - C & M Service

Nomenclature: LOCOMOTIVE 60 Ton, DIESEL-ELECTRIC, 56 1/2-in. Gage

Locomotive Serial Number - N/A

Engine Horsepower - 500

Locomotive Model Number - RS-4-TC-1A

Engine Model - CATERPILLAR 3508

Engine Serial Number - N/A
